

“Give Ye Them To Eat”

An Integrated Development Program

February, 2019

Dear Friends of GYTTE,

Happy February – month of Friendship, Dr. Martin Luther King and lots of cold...except in Tlancualpican. Although everything is dry, the weather is really wonderful with warm days and cool evenings and mornings.

We are so very grateful for your help in raising funds for a new truck. We bought it yesterday: a 2014 Toyota Hilux double cabin 4 cylinder, 30,000 km in very good shape for about \$14,000 dollars. We are pleased! It will make the work easier. In August-September we sold three gas guzzlers (apparently near and dear to some of you) and with that money bought a

2005 Ford F150 6 cylinder. It has been fabulous around the farm. We also bought a four-wheel motorcycle that has saved us a lot of gasoline. We realized we have many errands into town that can be made by one person – like selling milk and cheese. So it is perfect. Our gasoline use is down! We still have the 2007 Town and Country mini-van and the black Chevy van. These are used a lot with groups.

Thank you – our loving circle of friends of GYTTE are always with us – praying for this ministry and the people involved, our staff and those we serve.

If by chance you were in the process of fundraising for a truck, as you know, there are always many other needs. We are beginning to fundraise for our next training of new Health Promoters. Our current group graduates in March. Depending on donations we might begin the next group in September, or March 2020. To cover costs for three courses it takes \$1,050 for each woman.

We are also raising money to be able to help families build more straw-bale homes. We have made some improvements in the design and hope to continue accompanying needy families towards sustainability.

And of course we always need support for our staff and daily expenses.

We give thanks to God for you. It is so good to know you are by our side.

In God's love,

Nan, Miguel and the GYTTE Team
